

## Performances

### 1160.4PE/PiE

### DESIGN

The Performances range of rotisseries has been especially designed for high-volume cooking with high output and speed, while retaining excellent cooking quality. Well designed, user friendly and reliable the Performances is used by leading super-markets and chain restaurants throughout the world.

Conscious of the high energy cost involved for our clients, the Performances rotisserie has energy saving infrared burners, patented by Rotisol. A wide array of accessories enable the rapid roasting of a variety of products.

1160.4PE  
Black enamel

### FEATURES

- Energy efficient
- Tempered K-glass doors
- Independent motor for each spit
- Equipped with bottom drip tray with built-in drainage
- Reinforced and anti warping heating element
- Powerful halogen lamp
- Delivered with 4 prongless spits (CUI1160)
- Illuminated sign «Rotisserie»
- Base on casters with brakes

### TECHNICAL DETAILS

Overview of some of the standard features.

	Independent motors adjustable in depth for each spit		Robust hinges designed for heavy use, with integrated locking in open and closed positions		Easy and protected access to the compartment of connections and electrical components.
	Reinforced heating elements with stainless steel holders to keep them in place and removable stainless steel panels for easy cleaning.		Anti-scald K-glass reduces external thermal radiation (energy saving). Glass overlaps drip pan to keep splatters inside (anti-slip rotation).		Removable inside side-panels doubles protection from grease seeping into motors and other sensitive parts

### ACCESSORIES
